WTA Director Elections

At the recent WTA Zone Shoots, elections took place in each zone for who would represent you on your Wisconsin Trapshooting Board of Directors. The results are in and here are the winners.

SE Zone: Brad Patterson **SW Zone: Virgil Bomkamp**

NE Zone: Gary Strasser **NW Zone: No Candidate**

We want to thank Bill Simonar and Gregg Knorr for their commitment and dedication for serving the shooters during their time on the board.

As you can see, no one ran in the NW zone so if you know of an individual in that zone interested in serving the shooters and making a difference for shooting in Wisconsin, have them contact WTA President Bruce Stiteley for more information.

Wisconsin State Shoot

Mark your calendars and join us from July 14th thru the 19th at the WGC as we compete in this years Wisconsin State Shoot. We have several events planned and an exciting week of shooting and fellowship awaits you.

New this year, we have purchased new computers and we will be utilizing the 3S program. This is sure to cause a few glitches, but we will do our best to make this a smooth transition for our shooters.

Plans are underway to make sure that everything is in place to ensure this years shoot maintains the standards you've come to expect. Watch for future updates as we get closer to the shoot.

Mark your calendars, we look forward to seeing you at the Waukesha Gun Club for the 110th Annual Wisconsin State Trapshoot.

Join us for the 5 Man Team Shoot, held at and hosted by the Waukesha Gun Club the weekend of July 19th thru the 21st. Go to the WTA or WGC websites to view complete program details. See you there !!!
